

## **System Requirements for Viewing a Mediasite Presentation:**

For Windows Machines:

Windows 2000, XP, 2003, Vista, Windows 7 or 8 / Display resolution of 800x600 or greater / 768 MB memory (RAM) or greater

Microsoft Internet Explorer 6.0 SP1 or later or Firefox 2.0 or greater / Windows Media Player 9.0 or later

Broadband Internet Connection: (DSL 256KB or above) for live presentations. We recommend using using a wired connection (Ethernet) instead of a wireless connection when possible.

For Macintosh Machines:

Mac OSX 10.4.8 or later / 768 MB of memory (RAM) or greater

Safari 2.0.4 or later or Firefox 2.0 or later

Silverlight is required to view Mediasite presentations on a Mac. Visit <http://www.microsoft.com/getsilverlight/get-started/install/default.aspx> to download Silverlight.
