A message from our CEO

Welcome to Children’s Hospital of Alabama. We hope this handbook will be helpful to you while we share in your patient’s care.

We are proud of our pediatric medical center which continues to grow and build on our history of serving the health care needs of children and their families. Each year, thousands of children from every county in Alabama, neighboring states and other countries come to Birmingham for care available only at Children’s.

As you will see, we emphasize a “team approach” to ensure the best possible care. We strive to care for the “whole child” - medically, psychologically, socially and spiritually. We know a hospital stay is often stressful and disruptive to normal family life and can produce a lot of anxiety. Our goal is to make every family’s stay as pleasant and stress-free as possible.

Should you have any questions, issues or concerns, please call our Physician Relations Department at 205-939-6321 and ask to speak to a Physician Relations representative. This person always has direct contact to me and immediate access to me and my colleagues in administration. Our physician relation representatives are here to respond to you and your staff’s needs. They also are responsible for bringing any concerns you may have to our attention. Your feedback to them is genuinely valued and important to us so we can make sure we meet your needs and provide excellent service.

Here at Children’s Hospital and throughout the Children’s Health System, children are the center of our lives. Caring for children is all we do. We pledge to do our best to provide the finest pediatric health care available to your patients. Every child is unique and special in our eyes.

Sincerely,

Mike Warren
Chief Executive Officer
Children’s Health System
Physician Relations

This reference guide is designed to help you navigate the wide range of Children’s Hospital medical and surgical specialists. This guide will provide you with pertinent contact information for each of our clinics and physicians.

All numbers listed are in the (205) area code unless otherwise noted. For more comprehensive information, please visit our website at www.chsys.org.

Additionally, should you encounter any problems, our Physician Relations team is on hand to assist you.

Children’s Hospital Expansion Facility

The expansion project will enable the hospital to expand services provided to pediatric patients; improve operating efficiencies; address growth in the pediatric population served; and increase access to family-centered services, as well as provide an environment conducive to improving and expanding pediatric teaching and research.

Children’s Hospital is currently licensed for 275 specialty pediatric beds and upon completion of the proposed project the number of licensed specialty pediatric beds will increase to 332.

Children’s entire downtown campus will be renamed the Benjamin Russell Hospital for Children, in honor of Ben Russell’s grandfather. The opening of the new facility is planned for 2012.

Academic Office: 939-9345
Allergy, Asthma and Immunology

Board-certified subspecialists in the Division of Pediatric Allergy, Asthma, & Immunology specialize in the diagnosis and treatment of children with allergic and immunologic diseases. Allergic disorders diagnosed and treated by division physicians include allergic rhinoconjunctivitis (“hayfever”), allergic and nonallergic asthma, urticaria (“hives”), angioedema (swelling disorders), atopic dermatitis (“eczema”), and allergies to foods, stinging insects and medications. Division physicians also specialize in the diagnosis and treatment of hereditary immune deficiencies (Primary Immune Deficiencies).

The new facility housing the clinic offers next-day appointments and free, convenient parking. It is Alabama’s only all-pediatric allergy group.

Pediatric Pain Medicine

The Pediatric Pain Medicine Program treats infants, children, and adolescents whose persistent pain is associated with a coexisting chronic disease, an injury, sports activity, or surgery. Such persistent pain can include somatic pain, neuropathic pain, visceral and/or psychogenic pain. The program treats pediatric patients with pain associated with conditions such as headache, cancer, sickle cell disease, inflammatory bowel disease, functional abdominal disorders, endometriosis, cerebral palsy, fibromyalgia, arthritis, myofascial pain syndromes, and reflex sympathetic dystrophy. School avoidance, pain amplification, and parental enmeshment are also directly addressed by the multidisciplinary program staff.

Physician:
Thomas R. Vetter, M.D., M.P.H.
U.A.B. Department of Anesthesiology
Division Director
Associate Professor
Behavioral Health

Children’s Behavioral Health offers a wide range of inpatient and outpatient services for children, adolescents and young adults with psychiatric problems. Comprehensive diagnostic assessment and treatment are available in two outpatient offices in the area: Children’s Hospital and Shades Creek. Consultative services are available for hospitalized inpatients with medical/psychological problems and chronic diseases.

General Surgery
Minimally-invasive surgery procedures were pioneered at Children’s Hospital and the Department of Pediatric Surgery is internationally-renowned for their work in this field.

The Pediatric Surgery faculty is comprised of fellowship-trained pediatric surgeons who offer 24-hour coverage to ensure prompt surgical consultation and care.

Physicians/Medical Professionals:
Keith Georgeson, M.D.
Division Director, Chief of Pediatric Surgery
Professor of Surgery
Vice-Chairman, Department of Surgery

Elizabeth Beierle, M.D.
Associate Professor of Surgery

Mike Chen, M.D.
Professor of Surgery

Albert Chong, M.D.
Assistant Professor of Surgery

Carroll (Mac) Harmon, M.D.
Surgery Director, Weight Control Mgmt. Center
Professor of Surgery
Director of Research, Pediatric Surgery

Oliver J. Muensterer, M.D., Ph.D.
Director, Trauma
Assistant Professor of Surgery

Beverly Chaignaud
Director, Burn Unit

Hematology and Oncology

The Division of Pediatric Hematology and Oncology is a component of the UAB Department of Pediatrics, and the UAB Comprehensive Cancer Center. The Division’s programs are housed in “The Center for Childhood Cancer and Blood Diseases” at the Children’s Hospital of Alabama. The Division is a “Blue Cross/Blue Shield Center of Excellence” in the Children’s Health System.

Most children with cancer and blood diseases treated in Alabama receive their care at Children’s Hospital.

Specific Services Include:

Pediatric Oncology

*All forms of Childhood Cancer*

*The Division is a member of the Childrens Oncology Group*

Pediatric Hematology

*Sickle Cell Disease and other hemoglobin defects*

*Hemophilia and other bleeding disorders*

*Includes a Federally recognized Comprehensive Hemophilia Clinic*

*Rare defects of platelets, white blood cells and other blood disorders*

Neuro-Oncology

*Care of brain and spinal cord tumors*

*Pediatric Blood and Marrow Transplantation Program*

*Pediatric Experimental Therapeutics Program*

*Childhood Cancer Survivorship Program*

*TLC (Taking on Life after Cancer Clinic)*

Neuropsychology Program

*Hope and Cope Care Team*

*Pediatric Hematology-Oncology Fellowship Training Program*

*The only training program for Pediatric Hematology-Oncology physicians in the State*

Important Numbers:

*Appointments: 939-9285*

*Office: 939-9285*

*Fax: 975-6377*

Otolaryngology
Pediatric ENT Associates specializes in the diagnostic, medical and surgical care of head and neck diseases in infants and children.

Areas of Specific Interest Include:
• Airway obstruction and apnea
• Neck masses
• Recurrent pharyngitis
• Tracheotomy placement and management
• Hemangiomas and vascular malformations of the head and neck
• Epistaxis and hearing loss
• Otitis media
• Sinusitis and tonsils/adenoids

Physicians:
Brian J. Wiatrak, M.D., F.A.C.S., F.A.A.P.
Medical Director, Chief of Otolaryngology
Clinical Associate Professor

J. Scott Hill, M.D., F.A.C.S., F.A.A.P.
Clinical Assistant Professor

Audie L. Woolley, M.D., F.A.C.S.
Clinical Associate Professor

W. Peyton Shirley, M.D., F.A.A.P.
Clinical Assistant Professor

Pulmonary Medicine
The Division of Pulmonary Medicine specializes in the treatment of patients with a variety of lung disorders, including asthma, bronchopulmonary dysplasia (BPD), cystic fibrosis, interstitial lung diseases, pneumonias, sleep disorders, lung problems related to neuromuscular disorders and ventilator-dependence.

Specialty Clinics offered:
- Asthma
- BPD
- CF
- General Pulmonary (including urgent referrals)
- Home Ventilator and Technology Dependence
- Sleep (including behavioral sleep disorders, and CPAP/BiPAP management)

Physicians/Medical Professionals:
John P. Clancy, M.D.
Division Director
Professor
Raymond K. Lyrene Chair in Pediatric Pulmonology
Director of CFFT Therapeutic Development Network Translational Research Center at CHS and UAB
Medical Director of the Childhood Diseases Research Center at CHS and UAB

Kristin Avis, Ph.D.
Director of Pulmonary Sleep Fellowship
Co-Director of the Pediatric Sleep Disorders Center

Hector Gutierrez, M.D.
Professor
Associate Director of the Pediatric Pulmonology Fellowship Program
CF Care Center Director

Rehabilitation Medicine

The Division of Pediatric Rehabilitation Medicine utilizes an interdisciplinary approach to address the prevention, diagnosis, treatment and management of congenital and childhood onset physical impairments including related or secondary medical, physical, functional, psychosocial, cognitive, and vocational limitations or conditions, with an understanding of the life course of disability. Commonly treated conditions include cerebral palsy, spina bifida, muscular dystrophy, brachial plexus injury, and limb deficiency, among others.

In addition to its comprehensive outpatient services, the division is home to the only acute pediatric inpatient rehabilitation service in the state, providing services for children and adolescents with acquired brain injuries, spinal cord injuries, brain tumors, strokes, and other disabling illnesses or injuries.

Outpatient Services Include:

- Brachial Plexus Clinic     Appt. 205-939-9653
- General Rehabilitation Clinic   Appt. 205-939-9141
- Hospital Follow-Up Clinic     Appt. 205-939-9790
- Intrathecal Baclofen Pump Management     Appt. 205-939-9792
- Limb Deficiency Clinic     Appt. 205-290-4562
- Mobile Neuromuscular Clinic     Appt. 251-439-7873
- Muscular Dystrophy Association Clinic     Appt. 205-939-9941
- Spasticity Clinic     Appt. 205-939-9790
- Spina Bifida Clinic     Appt. 205-939-5281
- Teen Transition Clinic     Appt. 205-290-4599
- Wheelchair/Seating Clinic     Appt. 205-939-9645

Inpatient Referrals:
205-939-9792
Please fax referral information to 205 939-9793

Sports Medicine

Sports Medicine provides a full array of orthopaedic services and expertise. The major objective of this specialty is the diagnosis, treatment and rehabilitation of sports-related injuries.

Surgical Procedures Include:
- Reconstruction of Anterior and Posterior Cruciate Ligament
- Patellafemoral Chondroplasty and Realignment
- Menisectomy and Meniscus Repair
- Lateral Release
- Rotator Cuff Repair
- Bankart and SLAP Lesion Repair
- Thermal Capsular Shrinkage
- Distal Clavicle Resection
- Additional Arthroscopic Surgeries of Knee and Shoulder

Physicians:
William P. Garth, M.D.
Division Director
Professor

Marshall Crowther, M.D.
Assistant Professor

Appointments: 934-1041
Office: 934-1041
Fax: 975-6109
Urology

Pediatric Urologic Surgery offers comprehensive diagnostic and therapeutic services for diseases of the urinary and genital tract.

**Conditions Treated:**
- Antenatal hydronephrosis
- Hypospadias
- Intersex disorders
- Obstructive uropathy
- Vesicoureteral reflux
- Genitourinary tumors
- Inguinal and scrotal pathology
- Neurologic bladder dysfunction
- Urolithiasis
- Voiding dysfunction

**Physicians:**

David B. Joseph, M.D., F.A.A.P., F.A.C.S.
*Division Director, Chief of Pediatric Urology*

C. D. Anthony Herndon, M.D., F.A.A.P., F.A.C.S.
*Associate Professor*

David M. Kitchens, M.D.
*Assistant Professor*
