12:20-12:30  Complete Evaluation & Adjourn

Upon completion of this live activity, participants will be able to:
1. Recognize the epidemiological evidence linking the development of asthma to early childhood viral infections.
2. Recognize the data supporting the Hygiene Hypothesis and how this relates to the development of asthma.
3. Recognize the role of atypical bacterial infections with Mycoplasma and Chlamydia in asthma.

Thank you for attending this year’s event and we look forward to seeing you again next year.
