

2018 Wish List

Thank you for supporting our patients and families! We are truly grateful. Serving in a hospital, we handle donations a little differently than other non-profits. Our main focus must be the health, safety and privacy of our patients. As you plan your donation, please remember a few important things:

- ALL DONATIONS MUST BE **NEW & UNWRAPPED**
- We cannot accept religious items, food/candy, toys that depict violence, latex toys/balloons, crocheted/knit blankets (*can catch on equipment*) or gently used items (*or stored away items*)
- We cannot accept stuffed animals as they do not come in protective packaging.
- For the health and safety of patients and hospital visitors, individuals and groups are not permitted to pass out donations directly to patients or families.
- We do not accept cards for patients.
