

New Compliance Hotline Reporting Platform

The Compliance Department is excited to announce our new Hotline reporting platform! This change makes reporting potential compliance violations much easier and more streamlined.

What Has Changed?

- The new website (<https://childrens.ethicspoint.com>) is presented in a simple and straightforward manner that guides you through your report, including *important instructions* on the landing page
- Instead of a PIN, you choose your own password, which should make it easier to follow up on your report
- Report classes now give detailed descriptions of what falls into that class

- The **Hotline button** on the **Red Wagon** will take you to the reporting website
